Wayne/Loren

Eva has prepared comments on the particle tracking model for the containment system that was presented on Tuesday's call. We should add these to the Phil Mook and BCT letter and attachments as they are all relevant to the same discussion. Has Tina signed the letter yet?

Subject: Comments on FVM#5A

Hi Carolyn –

Figured I had better document my concerns with their containment system asap. My comments are attached, along with the document.

Eva
